# DISPLAY STANDS

All our freestanding displays are highly portable. Clip together the frames, then pull over the fabric graphic.

Use at networking meetings, exhibitions or for in-store point-of-sale displays.

When it's over, dismantle in minutes and be on your way again – each comes with a carry case.

# HOW FABRIC DISPLAYS WORK

**Fabric Displays** are made up of two main components — a strong, lightweight, tubular aluminium frame and a printed fabric cover.

The 260gsm 'stretch' fabric cover is printed on both sides as standard. Designed to fit snugly over the frame, it is secured at one edge with a zip fastening. The fabric cover is changeable and additional covers can be ordered separately.

These 'next generation' displays deliver maximum impact and completely eliminate the problem of visible join lines on larger displays.

Fabric Display frames utilise a simple 'click together' mechanism.

Each part is numbered for easy identification and quick assembly.

Stretch the fabric graphic over the frame and zip up.

All Fabric Display frames are supplied with a carry bag for easy transportation and storage.

Each stand clicks together in a few minutes and then simply stretch over the printed fabric graphic.

# TENSION FABRIC BOXES

Turn any corridor or communal area into a mini art gallery with beautiful fabric boxes.

Each is an aluminium frame, with thin channels. Attach a fabric graphic, which has silicon stitched to the edge, by stretching it across the frame. The graphic extends right to the edge of the frame, giving a large, uninterrupted, display area.

**Wall Boxes** can be screwed to a smooth wall, and **Floor Boxes** are free standing.

**Lightboxes** feature a row of led lights inside the frame which illuminates the image from behind.

Graphics and frames can be ordered separately. Floor Boxes and Lightboxes are both double sided — so two graphics are recommended.

# GAZEBOS

This 'Marquis' gazebo has a fully printed canopy plus one half height wall and one full height wall – £981

**Printed gazebos are all the rage at farmer's markets, festivals and fairs. Our range now features new lower cost options, so you can make the most of your marketing budget.**

In every case, the gazebo frame is the same. It's compact for storage, then pops up and locks into place.

You've got a choice of a plain black canopy, your name or logo printed on the front fascia or your branding fully printed on all sides and the top too. Each canopy is a water resistant material that'll keep you and your stock dry if it rains.

Clip on the number of sides you want. A full height wall hangs from the top, or you can choose half height walls, which come with a rail. Why not print a half height wall for the front too, to act as a cool branded counter?

Remember you can buy all the printed parts separately, so you can change your messages for each season or each event, and keep using the same frame. Neat!

Frame contracts to compact size.

Pull the legs outwards – the frame builds itself.

Pop the canopy on top.

Arrange the corners of the canopy.

# FLAGS

Let's do a little experiment. On your way home tonight, count the number of flags you see. They're absolutely everywhere.

Why's that? Well for less than a hundred quid, you get a three metre high, fluttering, piece of eye catching marketing for your business. They are such great value, it's no wonder businesses are lining them up on their car park and forecourt and outside their front door.

All our flags are suitable for use indoors and outdoors. They're double-hemmed for durability, with a strong pole pocket which is designed to be used multiple times.

# CREATE YOUR FLAG

In three easy steps

## STEP 1 CHOOSE YOUR STYLE

Choose from a Teardrop, Quill or Empire shape, depending on your personal taste. See next page.

## STEP 2 CHOOSE YOUR MATERIAL

Lowest cost option is a single sided flag material. In exposed environments, choose Vent material. Or go double-sided and your message can be seen the right way round on both sides.

## STEP 3 CHOOSE YOUR BASE

Get the right base for the surface you want to display your flag. We've got options for indoors, for grass and outdoor pavements.

## STEP 2

# CHOOSE YOUR FLAG MATERIAL

### SINGLE SIDED

The lowest cost option. Your design will be printed one side. If viewed from behind, you'll see a mirror image on the reverse.

### DOUBLE SIDED

Have a different message on each side of the flag, or show the same message on both sides – we put a blackout divider in between to prevent showthrough.

### VENT WEAVE

For more exposed environments, opt for a single-sided vent material which allows maximum air to pass through.
